

Driver's licence number

IMPORTANT:

This form is for individuals whose driver's licence or the right to obtain one has been suspended for 30, 60 or 90 days for any of the reasons listed below.

A favourable decision by the Société de l'assurance automobile du Québec (SAAQ) could result in:

- the suspension of the licence or the right to obtain one being lifted;
- the vehicle being released from seizure and impoundment, if applicable.

The review of a decision regarding one of the reasons on the statement of suspension related to street racing or car surfing (Reason 30, 31, 32, 33 or 34), distracted driving (Reason 14) or illegal remunerated passenger transportation by automobile (Reason 22) must be filed before the Court of Québec, using the *Application to Lift Suspension of a Driver's Licence or the Right to Obtain One* online form, available at [lexius-qnjq.justice.gouv.qc.ca](https://lexius-qnjq.justice.gouv.qc.ca).

For further information on the review process, consult the brochure entitled **Was Your Licence Suspended for 30, 60 or 90 Days?** or the back of your statement of suspension or statement of seizure, or visit the SAAQ website at [saaq.gouv.qc.ca](https://saaq.gouv.qc.ca).

To be accepted, your application for review must include all the required documents. The above-mentioned brochure provides a list of the documents you must file with your application.

The penalties and the conditions for obtaining a new licence that apply under the *Highway Safety Code* are separate from those that apply under the *Criminal Code*. The licence suspension imposed under the *Highway Safety Code* will remain in effect and you will still have to undergo an assessment regardless of any related criminal charges or convictions. The fact that you have not been charged or convicted therefore does not constitute grounds for review.

Provide the number that appears on the statement of suspension and/or the statement of seizure (related to the same event)

1. If a driver provides sufficient evidence that their blood alcohol concentration was not equal to or in excess of 160 mg of alcohol per 100ml of blood at the time of the offence, but rather only equal to or in excess of 80 mg per 100ml of blood, the SAAQ may decide to lift the vehicle seizure and impoundment. In such a case, however, the suspension of the driver's licence or the right to obtain one remains in effect.
