Société de l'assurance automobile Québec

Avec vous, au cœur de votre sécurité

Illness or Functional Impairment Checklist

Please carefully read the following **BEFORE** registering for a driving course.

If one of the following health issues applies to you, we recommend that you **call** the Société de l'assurance automobile du Québec before registering for a driving course. You may have to undergo a medical or eye examination before being eligible to obtain a driver's licence.

You are not required to return this checklist to us.

To discuss your health condition, you can call us toll-free from Monday to Friday at 1-800-361-7620.

- I have an eye disease or disorder (cataracts, glaucoma, retinopathy, macular degeneration, double vision, loss of an eye or no vision in one eye, etc.).
  To obtain your learner's licence, you will have to pass a vision test in one of our service centres.
- I have a hearing impairment and I drive a minibus, a bus or an emergency vehicle or I transport dangerous substances.
- I suffer from vertigo that restricts my activities.
- I have a heart disease that restricts activities such as walking.
- I experience excessive sleepiness related to a sleep disorder.
- I have had significant movement limitations for several months in my neck, hands, and feet.
- I have a serious psychiatric disorder (schizophrenia, bipolar disorder, major depression, etc.).
- I have a substance use disorder (alcohol, drugs or other substances).
- I have a cognitive impairment (dementia, Alzheimer's disease, memory or orientation problems, etc.).
- I have had epileptic seizures.
- I have a neurological condition that restricts my activities (stroke, head trauma, paralysis, Parkinson's disease, multiple sclerosis, etc.).
- I have experienced loss of consciousness in the past 12 months (syncopes, convulsions, hypoglycemic episodes, etc.).
- I have insulin-treated diabetes.
- I have a lung disease that restricts activities such as walking.
- I have experienced a deterioration of my functional abilities (I need home assistance to carry out daily activities such as eating, hygiene, dressing, getting around, etc.).
- I regularly take medication that causes daytime drowsiness.
