An entry is created for every ownership transfer (owner, long-term lessee or dealer). Dealership entries are not required, being exempt from vehicle licensing.

11

PERIODS OF USE OF THE VEHICLE

The record entry of more than one period for the same type of use indicates that the vehicle was not licensed for the road at some point. The reason and length of time when the vehicle was not used on the road is not detailed in the record kept by the SAAQ, but usually corresponds to seasonal storage.
