**Important**

This document is for information purposes only and does not replace the regulations in effect nor prevent a peace officer from issuing a statement of offence.

**Presentation of Québec driver’s licences**

To make the information easier to understand on driver’s licences issued by the Société de l’assurance automobile du Québec, each information field is numbered. The same numbers are used on all the various types of licences (driver’s licence, probationary licence, learner’s licence and restricted licence).
